

Licensed Veterinary Technician - Anesthesia

Don't just take a job—advance your career!

Veterinary Surgical Centers (VSC), a multi-facility small animal surgery and rehabilitation practice, is seeking energetic and motivated **Licensed Veterinary Technicians (LVTs) with anesthesia experience** to join our multiple boarded-doctor practice in **Vienna** and **Leesburg, Virginia**.

The ideal candidate will be licensed, or eligible for licensure in Virginia; have at least 3 years anesthesia experience in small-animal medicine; and possess strong anesthesia skills for a variety of cases, including ASA class III-V E. (AVTA members or candidates preferred.)

He/she also will:

- Be a VTS (Anesthesia or Surgery) member or candidate
- Possess strong communication and problem solving skills
- Have at least 5 years of experience in a surgical specialty practice, including 3 years of veterinary anesthesia experience with multi-parameter monitoring equipment, inhalant, and injectable anesthesia agents
- Be a team player with a positive attitude
- Excel at multitasking and working cooperatively with others

We are looking to fill **full-time** positions; however, strong candidates seeking part-time positions also will be considered. All candidates must have current Virginia licensure or ability to transfer license.

We offer a generous compensation and benefits package, including paid time off, paid holidays, uniforms, medical and dental insurance, and discounts on pet care.

*** Fridays, Saturdays and on-call availability required ***

Could you be the right fit for us? Interested candidates should send a resume and cover letter to Careers@VSCVets.com.

VSC has three expanding facilities throughout Northern Virginia, in Winchester, Leesburg, and Vienna. Each VSC practice is housed within a progressive, multi-specialty hospital, where our teams work closely with other veterinary specialists every day.
