

Technician - Anesthesia, Surgery Team

Looking for a unicorn clinic? Look no further than Sugar Land Veterinary Specialists and Emergency! What makes SLVS different is our people. We get to work with surgeons who are open to collaboration on anesthesia protocols with their technicians and who value critical thinking skills in order to run critical cases in surgery. Our surgeons truly value our team and are eager to teach, encourage, and support us. We're allowed to be technicians, placing our own art lines, central lines, epidurals, and more! If you're passionate about pain control and easing distress in your patients while enjoying a positive team environment, we're the right place for you.

Our surgery team run rooms, scrub in, and lead anesthesia cases. We rotate through these jobs to avoid boredom and burn out. Our surgeons enjoy a variety of cases from orthopedics to extensive soft tissue and stenting procedures. There are truly no two days that look the same!

Benefits:

We offer health, dental, vision, 401K, CE allowance, free in hospital CE, a chance to lead CE discussions, uniform allowance, PTO that accrues starting the first time you clock in, and work/life balance.

We focus on the longevity of our staff and work diligently to prevent burn out.

You would report directly to Robyn Watts, RVT, Director of Nursing, Surgery and Neurology Manager.

Please submit your resume and cover letter to hr@slvetspecialists.com
