

VCA West Los Angeles Animal Hospital is seeking experienced and highly motivated Anesthesia Supervisor in our well-established, AAHA-accredited, 24 Hour Emergency, Specialty and General Practice Hospital.

Expectations:

The Anesthesia Supervisor is responsible for leading technicians within the Anesthesia department with a focus on high-quality, comprehensive, accessible, supportive and personalized care for all patients and clients. The Supervisor is also someone who:

- Assists in the development of goals and operational criteria for specialty services and tracks progress
- Regularly evaluates patient/client and staff data to support delivery of exceptional patient and client care
- Develops constructive and cooperative working relationships across the hospital in order to achieve highest level of communication and efficiency
- Consults with clinical staff and client care to assess and articulate any problems; helps to develop strategies to resolve issues, ensuring client needs are met and satisfaction is attained.
- Participates in hiring activities; disciplinary actions; excellence acknowledgements and performance reviews

The Ideal Candidate:

- Minimum of 3 years of experience working in a veterinary hospital setting as a Registered Veterinary Technician in surgery/anesthesia is required.
- Ability to perform anesthetic monitoring including intubation/extubation of patients, monitoring patients, and troubleshooting of machines is required.
- Proven leadership experience in a busy team environment is required.
- Possess excellent interpersonal and communication skills that enable long term positive working relationships with colleagues, clients, and community.
- Flexible, cooperative, dependable, responsible, and good time management skills to work in a fast-paced environment that can be challenging at times.

About the Anesthesia Department:

The anesthesia department provides anesthesia services for Surgery, Neurology, Ophthalmology, Internal Medicine, Zoo Medicine, and Emergency departments.

About VCA West Los Angeles Animal Hospital:

We are a very busy 65 doctor teaching hospital located just minutes from the beautiful beaches of Santa Monica. We are currently located in a brand new 42,000 sq foot state-of-the art building. We have many exciting and challenging departments within the hospital which offer many career opportunities for different individuals. Our hospital is staffed with board certified veterinarians in many specialty departments, including Emergency and Critical Care, Internal Medicine, Oncology, Radiation Oncology, Surgery, Cardiology, Neurology, Ophthalmology, Behavior and Physical Therapy. Our busy hospital is one of the largest veterinary hospitals in the country and is equipped with state of the art monitoring and diagnostic equipment. We place high value on a close knit work environment and emphasize continuing education.

Benefits of Working at VCA West LA Animal Hospital:

Full-time benefits include health, dental, vision, disability and life insurances, 401(k), employee pet discounts, CE allowances, vacation and sick pay.
