## Now Seeking a Full-Time Veterinary Technician - Surgery and Anesthesia

Nashville Veterinary Specialists is a well-established and growing 24-hour emergency and specialty practice. Our current specialties include Surgery, Internal Medicine, Cardiology, Neurology, Dermatology, Rehabilitation, Oncology, Critical Care. Our hospitals state-of-the-art equipment and technologies include in-house MRI and CT, digital radiology, ultrasound, cystoscopy, endoscopy, laparoscopy, electrodiagnostics, and 2 Cubex Inventory Management units.

We are currently seeking a highly-skilled Veterinary Technician (LVMT) to join our growing Surgery and Anesthesia team. This individual will ensure the daily flow of all anesthetic and sedated procedures, and also assist in surgery receiving and recovery.

### Qualifications + Skills

- Licensed Veterinary Technician (LVMT) preferably with 2 years minimum technical experience.
- Anesthesia Trained (Required to participate in weekend anesthesia on-call).
- Phlebotomy and catheterization skills.
- Patient restraint and handling skills.
- Patient radiograph-positioning and technique.
- Understand medical terminology.
- Pharmacology and medication administration.
- This person needs to be very detail-oriented, have excellent communication skills with clients and referring veterinarians, perform well under stress, and thrive in a team-minded environment.

### Responsibilities

- Formulate anesthetic and sedative protocols.
- Calculate and pull up medications for anesthetic and sedated procedures.
- Induction and maintenance of anesthesia.
- Place IVC, start IVF.
- Venipuncture and in-house lab work .
- Troubleshoot complications during perioperative period.
- Perform radiographs and CT with proper protocols.
- Fill prescriptions
- Complete invoices, and surgery reports.
- Complete requisitions
- Contribute to cleanliness of surgery department.
- Assist pack/prep staff.
- Other misc. tasks within the surgery department.

### Performance Requirements

- Flexibility to work beyond scheduled hours if necessary.
- Must be able to multitask and complete assigned tasks.
- Must be able to work in a busy, fast paced environment.
- Must be a team player, cooperative, positive, and proactive.
- Must adhere to hospital policies.
- Must follow the NVS ideal Employee Qualities at all times.
- Must be willing to perform additional duties as deemed necessary by NVS Management.
