

NORTHSTAR VETS®

Veterinary Emergency Trauma & Specialty Center
Leading the Way.

Are you at the point in your career that you're ready to make the move into specialty medicine? Or are you already working in specialty medicine and looking to advance your career? [NorthStar VETS](#) may be the place for you! We currently have openings for day, mid shift, and overnight positions. We also have a rare opening for a Technical Supervisor!!

Who we are.....

NorthStar VETS is a privately owned and nationally recognized full-service veterinary emergency, trauma and specialty center providing 24/7 care in Mercer County, New Jersey. Our 33,000 square foot facility is New Jersey's only **Level 1** VECCS certified Trauma Center. Our specialty and referral capabilities include

- Avian and Exotics
- Behavior
- Cardiology
- Clinical Pathology
- Dentistry
- Dermatology
- Emergency and Critical Care
- Internal Medicine
- Interventional Radiology
- Neurology
- Oncology
- Ophthalmology
- Radiology (MRI/CT)
- Rehabilitation and Physical Therapy
- Surgery
- Theriogenology
- Nuclear medicine I-131
- Acupuncture
- Bloodbank

We are different than many other specialty hospitals in that we offer our technicians the ability to rotate throughout the different departments without the risk of getting "stuck" in just one. However, if you find a specialty that you absolutely love, the opportunity to specialize is available. We offer a unique technician training program for each department that is based upon the VTS requirements for that specialty, streamlining the process of obtaining your VTS.

Because we value our team members, [NorthStar VETS](#) offers an outstanding benefits package, competitive salary and a generous differential for overnight shifts. We strongly believe in a Work/Life Balance and offer 3 and 4 day workweeks! If you're driven by a commitment to excellence, compassion, professionalism, service and teamwork, this is the place for you! Click [HERE](#) to view our current openings for veterinary technicians.
