## Driven to Discover<sup>SM</sup>

### **Veterinary Technician (Job ID #320655)/Senior Veterinary Technician (Job ID #321627) – Anesthesia**

The University of Minnesota Veterinary Medical Center is looking for a certified or certification eligible Veterinary Technician to work in the Anesthesia and Pain Medicine Service. This position is fast paced, requires some independence, and provides opportunities to use advanced technical skills and critical thinking at a high level, all while under the supervision of a board-certified anesthesiologist. Job duties include but are not limited to: patient assessment, anesthetic drug selection and management strategy, advanced patient monitoring, complication identification, and finally, individualized post-anesthetic care of patients. Our hospital has state of the art equipment and focuses on evidence based medicine with a strong emphasis on learning and teaching.

Days/Hours: M, W, Th F, 8:00am – 6:30pm (initial training period will be 2-3 months, days/hours will be M-F, 8:00am-4:30pm)

University of Minnesota Benefits includes:

- Shift differentials for nights and weekends
- Vacation and sick pay
- Paid Holidays (10 plus 1 personal)
- Opportunities for overtime
- Excellent medical and dental coverage
- Continuing Education allowance
- Tuition benefits
- Competitive wages
- Matching Retirement Dollars
- Opportunities for growth and promotion

### **Minimum Qualifications**

Graduate of a Veterinary Technician or equivalent program, certified as MVMA/MAVT technician, and a minimum of 1 year of experience (to be considered as a Senior Veterinary Technician) assisting licensed DVM's with veterinary medicine procedures. Must have a basic understanding of anesthesia and be comfortable monitoring healthy patients; training will be provided for complicated cases not seen in primary care practices. **Must be certified or certified eligible which means certified, registered, or licensed in another state and be in good standing in that state.**
