

ANIMAL SURGICAL CLINIC
of SEATTLE

A Better Way To Operate + Since 1986

Animal Surgical Clinic of Seattle is seeking Licensed Veterinary Technicians

www.animalsurgical.com 206-545-4322

Animal Surgical Clinic of Seattle is seeking self-directed and compassionate Licensed Veterinary Technicians to join us part-time or full time. Positions available for daytime, swing and overnight shifts. The swing and overnight positions are 4 nights/week. Candidates must be currently licensed in Washington, licensed in another state and eligible in Washington or prepared to pass the VTNE.

Established in 1986, Animal Surgical Clinic of Seattle is a highly-respected, **privately owned and operated** surgical referral practice. Our caseload consists of a wide variety of small animal orthopedic and soft tissue procedures, including laser surgery, endoscopy, CT scans, arthroscopy, joint replacements, cardiac and trauma surgery.

Our technicians are utilized to the highest level of their ability. Major job duties include establishing a protocol with the surgeon for pre and post-op medications, induction and maintenance of anesthesia, calculation and administration of CRI's, surgical setup, sterile scrub-in, pain management, radiology, bandage and splint placement, pre and post-surgical nursing and client communication/education.

Full -time employee benefits include:

- *Medical/Vision/Dental/Life Insurance
- *Profit-sharing and 401K plan
- *Generous paid vacation and paid holidays
- *Generous Continuing Education benefits
- *Medical Scrub Allowance
- *Monthly Happy Hours and CE events throughout the year

Wages are DOE and highly competitive
