

COME GROW WITH US!

RECRUITING ANESTHESIA VETERINARY TECHNICIANS!

Our privately-owned hospital is located in beautiful Mount Laurel, NJ. We proudly hold the titles of 2016 and 2017 Best Veterinarian In South Jersey (Burlington County Times) as well as 2016, 2017 & 2018 Best Places To Work (Monster Jobs)! Mount Laurel, NJ is in close proximity to Philadelphia.

We are the premier critical care and referral center for Southern New Jersey and the surrounding areas serving the South Jersey community since 1976. We provide compassionate and progressive veterinary care for a wide range of companion and exotic pets. We currently have 40 practicing doctors and a support staff of over 160+ employees. We feature specialty care and additional services including cardiology, exotics, internal medicine, oncology, ophthalmology, orthopedics, surgery, acupuncture, behavioral medicine, dermatology, neurology and home care. We are currently amidst a 22,000sqft. expansion with an expected completion date of late fall! Our expansion includes 10 new exam rooms, 4 new surgery suites, an expanded lobby and parking lot, elevator, physical therapy, MRI, dedicated ICU and more!

Responsibilities: The anesthesia veterinary technician will provide comfort, diagnostic, surgical, and nursing care to all patients. The responsibilities of the anesthesia technician include, but are not limited to the following activities:

- Partner with surgery specialists in patient assessment, diagnostics, treatments, and procedures
- Perform anesthetic monitoring including the use of sevoflurane, injectable anesthesia, drug calculations, and the use of a ventilator, intubation/ extubation of patients, setup and troubleshooting of machines
- Prepare various blood samples for diagnostic testing
- Accurately take multiple types of radiographs throughout the pre and post operative process
- Potentially scrub into 1+ hour surgeries to assist doctors with surgical procedures including abdominal explores, cruciate repairs, fracture repairs, thoracotomies, and both laparoscopic and arthroscopic surgeries
- Perform medical record keeping related to procedures
- Work collaboratively with Veterinarians and Technicians to ensure a smooth workflow within the department
- Provide training to other technicians in anesthesia
- Independently develop anesthetic protocols and calculate and administer medications
- Maintaining surgical equipment and provide recommendations for improvements

QUALIFICATIONS AND EDUCATION REQUIREMENTS

- Minimum 1 year experience working with a specialist veterinary surgeon or 3+ years working in general surgery and anesthesia
- CVT or VTS preferred
- Knowledge and advanced technical skills including but not limited to: venipuncture, IV catheter placement, central line placement, intubation, anesthesia, CPR procedures, chest tube and tracheostomy maintenance, IV fluid administration, and ability to perform advanced techniques such as epidurals and local blocks

TECHNICAL ABILITIES AND SKILLS

- Knowledge of normal patient vitals for awake, sedated, and anesthetized patients
- Accuracy in calculating and delivering anesthetic agents, fluids, and CRIs
- Comprehensive understanding and experience with anesthetic monitoring is required
- Ability to work in a highly collaborative environment and commitment to building relationships with colleagues, clients, and community is required
- Knowledge and care with equipment maintenance, cleaning, sterility, and troubleshooting; willingness to read equipment manuals and consult with vendors if repair/upgrades needed
- Knowledge of appropriate aseptic technique and surgical procedures
- Understanding of different surgical procedures
- Excellent communication and organizational skills are required, and the ability to deliver exceptional client service is expected
- Must be able to regularly lift up to 50 pounds (work requires lifting, carrying, and restraining animals-with assistance from other staff for animals weighing over 50 pounds)

COMPENSATION AND BENEFITS: Compensation is based on experience and skill level. Full-time benefits include health, dental, and vision insurances; CE allowance, 401k; paid time off; uniforms; and discounted veterinary care. MLAH offers a \$1000 sign on bonus for Veterinary Technicians with 4+ years experience in this role.
