

10810 Harney Street / Omaha, NE 68154 / (402) 934-1332 / www.siriusvet.com

Immediate opening! We are looking for hardworking and self-motivated Licensed Veterinary Technicians to join our anesthesia team. Our anesthetists use their technical and critical thinking skills on a daily basis to ensure a positive outcome for all of our surgical patients. LVTs are fully utilized both in and out of the operating room and function with a great deal of autonomy and responsibility, making solid technical skills, sound judgement, and a strong foundation and interest in anesthesia important. Ability to work both independently and with a team is essential.

Our facility is equipped with 4 operating suites, Mindray WATO EX-35 anesthesia systems, ventilators in all ORs, multi-parameter monitoring equipment, a dedicated sterile processing area, and a separate post-operative recovery room. Imaging capabilities include 2 Arthroscopy towers, 2 Digital Radiography suites, Computed Tomography, C-Arm, and 3-D Model Printing.

We focus solely on orthopedic surgery and have recently added total hip replacements to our list of services.

Commonly Performed Duties/Responsibilities:

- All aspects of anesthesia from pre-medicating and induction through recovery and post-op care
- Venipuncture and IV catheter placement
- Creating anesthetic protocols, CRI preparation and medical math
- Administering epidurals, and femoral/sciatic and RUMM blocks with the use of a nerve stimulator
- Bandage/Splint application and changes

No weekends or major holidays. Flexible schedule preferred.

Full job description, duties, responsibilities, and benefits can be shared at the time of interview.
