

## Veterinary Technician III – Anesthesia

Advanced Clinical Practice • Teaching • Leadership

**Hourly Salary: \$32.00 – \$40.60 per hour**

Foster Hospital for Small Animals • Cummings School of Veterinary Medicine at Tufts University  
North Grafton, Massachusetts

### Come Care, Learn, and Grow With Us

At the Cummings School of Veterinary Medicine at Tufts University, caring is at the heart of everything we do. Every day of the year, our teams provide 24/7 compassionate care to small animals, large animals, and exotics—supporting patients, clients, and one another through every moment that matters.

Since 1985, Tufts has been a place where exceptional medicine, education, and teamwork come together on a beautiful New England campus. We are proud of our collaborative culture and are excited to welcome kind, skilled, and dedicated individuals to join our growing veterinary community.

### Why You'll Love It Here

At Tufts, anesthesia technicians are true clinical partners. You will work side-by-side with board-certified anesthesiologists, residents, interns, and students in a supportive academic culture that values curiosity, collaboration, and growth. Our campus combines state-of-the-art facilities with the charm and accessibility of New England.

### About Our Anesthesia Service

- 4 board-certified anesthesiologists
- 2 anesthesia residents
- 18 experienced anesthesia technicians
- Diverse small and large animal caseloads from routine procedures to critically ill patients

### Your Impact

- Provide advanced anesthesia nursing and physiologic monitoring
- Interpret patient responses and communicate changes quickly and clearly
- Implement anesthesia and treatment plans with limited direct supervision
- Assist with and independently perform advanced procedures

### Teaching & Mentorship

- Provide hands-on instruction to DVM students, interns, residents, and technicians
- Support learners throughout anesthesia rotations
- Participate in continuing education initiatives across the hospital

## Leadership & Collaboration

- Serve as a role model for professionalism and clinical excellence
- Collaborate across services to ensure seamless patient care
- Contribute to mentorship programs, training initiatives, and clinical research
- Individuals seeking to grow into hospital leadership roles will find opportunities to advance and make a lasting impact on organizational change.

## Schedule & Support

This is a vital position contributing to round-the-clock patient care, with on-call responsibilities shared in a supportive, team-oriented environment. Flexible scheduling options—including 3-, 4-, or 5-day workweeks—are available to support work-life balance.

## Comprehensive Benefits

- Competitive pay with shift differentials, on call and emergency stipends
- Generous paid time off: 3 weeks of vacation and 13+ holidays
- Robust continuing education funding
- Medical, dental, vision, retirement, long-term disability, EAP, FSAs
- Tuition reimbursement, pet care benefits, and Tufts employee discounts and more!
