

VTS-AA or RVT with Anesthesia Experience

Veterinary Neurology and Imaging of the Chesapeake is seeking a full-time VTS in Anesthesia and Analgesia, or RVT with anesthesia experience to our fast-paced speciality practice located within Chesapeake Veterinary Referral Center (CVRC) in Annapolis, Maryland.

Candidates must have experience in all areas of anesthesia, including, but not limited to: anesthesia induction and intubation, monitoring, record keeping, knowledge of anesthetic medications, CRI calculations, sterile technique, and operating room preparation. The ideal candidate would have at least 2 years of experience in a speciality hospital setting, or in a position with a high surgical caseload. We are looking to add a team player who has strong communication and time management skills.

This role would support our advanced diagnostic imaging service (MRI and CT), as well as our surgical caseload for three full-time neurologists and one anesthesia veterinarian.

Benefits for full-time employees include competitive salary, 401K, health insurance, pet insurance, life/accident/disability insurance, professional dues, CE, and paid time off. **Some weekend availability is required.** All potential new hires are required to pass a criminal background check, and a pre-employment drug test.

A signing bonus will be considered for successful applicants.

Please send your resumé and references to adriane@vnioc.com.
