

Are you looking to be a part of a hospital team that feels like a family? If so, we would love to connect with you! **VCA Bakerstown Animal Hospital, is seeking a Veterinary Technician with anesthesia, blood-draw and other great technical skills, to join our, three-doctor general practice.**

VCA Bakerstown has been serving our communities for more than 40 years. With state-of-the art equipment like ultrasound, digital x-ray and dental x-ray, cold-therapy laser, and more, we believe in providing the best possible preventative, diagnostic, dental, and surgical care to our patients.

At VCA Bakerstown, you can be the technician you have always wanted to be! We have a fantastic culture in our hospital that values each person's individual skills and personality. There's something special about you, and our team is ready to learn about and partner with you!

We are seeking an experienced Credentialed Veterinary Technician to join our team.

The successful candidate will be a believer in the possibilities of high quality veterinary medicine and patient care—with the expertise and technical know-how to make them happen.

Why We Need You

As a member of the VCA team, your mission will be to win the confidence of every pet parent—by delivering an outstanding client experience—so they will partner with us for the lifelong care of their companion animals.

You've worked hard for your credentialing and we want you to use the knowledge that you've invested your time and talent in.

The skills that you will be utilizing include, but are not limited to:

- Venipuncture
- catheter placement
- radiology
- anesthesia monitoring
- physical examinations and patient assessment
- surgical preparation and assisting
- dentistry
- laboratory work
- pharmacy
- patient recovery
- compassionate care for our hospitalized patients

Why You Should Consider Us

At VCA, your passion for medicine and compassion for pets and people is matched with a commitment to your professional growth.

- You will enjoy exposure to a diverse and stimulating caseload, employ the most advanced imaging and monitoring tools, and tap into the expertise of more than 4,500+ doctors, including 600+ boarded specialists.
- You will sharpen your skills—and even learn some new techniques—and explore career options that only VCA can offer, such as continuing education, transfer, specialization, and leadership opportunities.
