

Veterinary Surgical Specialist is hiring an experienced Licensed Veterinary Technician with a passion for surgery and anesthesia to join our surgical team, where you will work alongside our board-certified veterinary surgeon.

You will work in the beautiful Pacific Northwest; you can live and work under the bluest of blue skies with countless outdoor activities, including downhill skiing, hiking, biking, excellent restaurants, and numerous cultural activities.

Technical abilities and skills

- Induction, management, and recovery of anesthesia
- Knowledge of common medications and filling medications
- The ability to work in a highly collaborative, fast-paced environment and commitment to building relationships with colleagues, clients, and the community is required.
- Excellent communication and organizational skills are required.
- The ability to deliver exceptional client service.
- Proficient with administering subcutaneous fluids and injections, intramuscular and intravenous injections, intravenous catheters, CRIs, and calculations.
- Surgical prep and assisting
- Instrument and equipment sterilization and maintenance
- Diagnostic imaging
- Knowledge of fluid pumps and fluid setup, including syringe pumps and administration

Minimum Qualifications/Requirements:

- Two or more years of experience with veterinary appointments performing the above duties. (Required)
- Certified Veterinary Technician (CVT), Licensed Veterinary Technician (LVT), or Registered Veterinary Technician (RVT) (Required)
- Able to perform moderately physically demanding work that requires a lot of lifting (up to 50 pounds), cleaning, and constant motion.
- Competitive pay from \$21 to \$30 depending on experience. Full benefits package including medical, dental, and vision. Potential for relocation allowance or signing bonus.
