We are seeking technicians who enjoy a challenge and are looking to further their anesthesia career. Technicians whom are looking to apply for their VTS in anesthesia and analgesia will be fully supported while working with board certified anesthesiologists and other veterinary technician specialists.

This position requires:

- Strong technical skills (venipuncture, local blocks and epidurals, arterial catheter placement)
- Evaluate patients and generate anesthetic plans
- Prepare patients for anesthetic procedures, including induction and intubation, monitoring and post-operative recovery care for a variety of surgical procedures (orthopedic, soft tissue, thoracic, neurologic and ocular)
- Knowledge and ability to perform different radiographic techniques
- Strong mathematical skills for drug calculations
- Ability to troubleshoot anesthetic equipment
- Participate in voluntary overnight anesthesia on-call

About You:

- 2+ years of experience working in a veterinary hospital and anesthesia required.
- An Associate's or Bachelor's degree from Veterinary Technology program or equivalent preferred
- Certified Veterinary Technician (CVT) preferred

Physical Requirements:

- Lift up to 50 pounds on a regular basis
- Stand for up to 12 hours per day

What you will get:

We invest heavily in our employees with many opportunities for growth and development! We offer outstanding benefits (no waiting period!) including medical, dental, vision, and life insurance, paid time off, competitive continuing education allowance for each Technician, generous pet discounts, and much more!
