

Emergency Care Technician/ Tech Assistant/ Team Lead

Central Texas Veterinary Specialty and Emergency Hospital

We are seeking to fill Full and Part Time Veterinary Technician positions in our Emergency Department. **Positions include a signing bonuses and relocation bonus for Technician Team Lead.**

Central Texas Veterinary Specialty & Emergency Hospital is a multi-specialty referral practice and Emergency Hospital caring for animals in the Greater Austin Area, locally owned and operated, for over 20 years! Our hospitals are well equipped, stocked, and staffed to provide the best care possible to our patients.

Competitive compensation and excellent benefits provided - 401K, health, dental and vision insurance, paid vacation and sick time, uniforms and continuing education allowances. CTVSEH is an equal opportunity employer.

A minimum of two years of veterinary experience is required for Technicians. Three years of experience and a desire to guide is required for the Technician Team Lead position. Experience in the veterinary field and experience handling animals is preferred but not required for the Technician Assistant Position.

Responsibilities/Duties/Functions/Tasks

All duties performed under the responsible supervision of a licensed veterinarian as specified in the Texas Administrative Code of the Texas Veterinary Medical Board.

- Technician: Duties include the highest level of technical care permissible by the State Board. Our technical team performs at 3 different levels of training and responsibilities with in-house training to permit advancement based on desires and skills.
- Technician Team Lead: Role includes teaching and leading the team under the EC technician Director with shared responsibilities with other Team Leads. This leadership position pays more.
- Technician Assistant: Duties fully include assisting doctors and technicians possible, ensuring quality care of our patients, assisting with exams, anesthesia, dental and surgical procedures, and diagnostics including radiology, laboratory tests, ultrasonography
- We offer great pay, variable hours, a fast paced and fun work environment. Come join our energetic team and help contribute to our hospital's culture of providing high quality

The physical demands described are representative of those that must be met by an employee to successfully perform the primary function of a Veterinary Technician. While performing the duties of this job, the employee is frequently required to bend, stand, stoop, walk, sit, talk, and listen; will use hands to manipulate, handle, or feel; will reach with hands and arms. The employee must be able to lift and/or move up to 40 pounds.

****Applicants must be willing to work some weekends and holiday shifts. Day, evening and overnight shifts available****
