

HOSPITAL FOR
**VETERINARY DENTISTRY
& ORAL SURGERY**

Want to expand your veterinary career? This is your opportunity!

The Hospital for Veterinary Dentistry and Oral Surgery is a dentistry specialty hospital that is rapidly growing. Our facility offers advanced dentistry, dental radiography, hyperbaric oxygen therapy, cone-beam CT, and more. We have a robust Residency Program and offer continuing education and training to the veterinary community in a separate dedicated facility. The Education Center of Excellence also provides opportunities for you to learn and practice skills at your pace.

We seek an RVT, LVT, or CVT with a passion for anesthesia to join our team. Are you pursuing a VTS or have an interest in becoming a VTS? We have the caseload!

Are you a VTS (Anesthesia/Analgesia)? We are the place for you to lead a team and mentor others. Do you like to travel? Talk to us about growth opportunities!

The right candidate is looking for more than a job. We seek candidates who desire a career in veterinary medicine and seek a motivating work environment. Our culture is built around hard-working individuals where we depend on each other for exceptional workplace experiences.

Our benefits package and compensation are highly competitive for full-time employees. Relocation assistance may be available for ROCKSTAR candidates.

We are a smoke-free, tobacco-free workplace. Pre-employment drug testing and background checks are required for all prospective candidates.
