VTS-AA or RVT with Anesthesia Experience

Signing Bonus Available for Successful Applicants

The Hospital for Veterinary Dentistry and Oral Surgery is seeking a full time VTS in Anesthesia and Analgesia, or an RVT with comparable experience to take the lead in our growing network of hospitals.

The Hospital for Veterinary Dentistry and Oral Surgery is a busy teaching hospital with a boarded veterinary dentist, part time boarded surgeon, and residents. We practice in a multi-specialty building. Our goal is to perform oral surgery and dental procedures in a state-of-the-art facility while maintaining excellent patient care and client communication. We believe that our technical staff play a critical role in our practice's growth and reputation. Our support staff is as valued as our doctors.

There is opportunity for the right candidate to teach in our education center and at local veterinary conferences.

Candidates must have experience in all areas of anesthesia, including, but not limited to: anesthesia induction and intubation, monitoring, record keeping, knowledge of anesthetic medications, CRI calculations, sterile technique, and operating room preparation. The ideal candidate would have at least 1 year of experience in a specialty hospital setting, or in a position with a high surgical caseload. We are looking to add a team player who has strong communication and time management skills. Overseeing patient care, training technicians, and collaborating on high risk anesthesia would be part of daily responsibilities.

Benefits for full-time employees include competitive salary based on experience, bonuses based on incentive plans, 401K, health insurance, generous pet discount, life/accident/disability insurance, professional dues, CE, uniforms, and paid time off. No weekends required at this time.

All potential new hires are required to pass a criminal background check, and a pre-employment drug test.

If you are looking to grow with a company and provide excellent patient care and education for the local veterinary community please send your resume and references to Suzanne Edwards, LVT s.edwards@cahdc.com.
