

ACCESS (Advanced Critical Care, Emergency & Specialty Services) Los Angeles is hiring Veterinary Technicians to join our amazing Surgery team!

We offer a \$5,000 signing bonus!

We are one of the largest, most advanced, and progressive veterinary multi-specialty referral groups in So Cal. We are comprised of emergency, critical care, cardiology, internal medicine, nephrology, neurology, interventional radiology/endoscopy, soft tissue surgery, bone & joint center, and exotics departments. We are performing extremely cutting-edge and complex procedures in a state-of-the-art facility.

We're looking for experienced team members to grow with us! We have a diverse and unique team, including many "lifers" who work closely together to serve our community, and are proud of what we have created.

Some of the things you'll do, depending on your skillset, department, and credentials:

- monitor/induce/maintain anesthetic patients and assist in prepping for procedures
- drug calculations
- IV catheter placement
- all aspects of nursing care including pre and post-operative care
- radiographs and other imaging, including endoscopy, rhinoscopy
- blood collection, blood transfusions
- nasogastric tubes, gastrotomy tubes, e-tubes
- more advanced RVTs will have the opportunity to utilize ventilators, tracheostomy tubes, PICC lines, multi lumen central lines, etc.

The best candidates:

- are compassionate and resilient
 - possess a passion for teamwork and willingness to learn
 - have a minimum of 2 years as a veterinary technician
 - exemplify our guiding principles of **Quality, Integrity, Compassion, and Service**
- In addition to all the benefits you may expect (health insurance, 401(k), paid time off, etc.) we offer CE benefits, scholarships, support for obtaining VTS, in-house CE provided by our board certified specialists and regional director of education & development, infinite opportunity for development and growth, both personally and professionally, and more.

Compensation is highly competitive and commensurate with experience, skillset, and credentials.

Job Types: Full-time, Part-time
