

## Arizona Canine Orthopedics and Sports Medicine

7410 E. Pinnacle Peak Rd. Suite 100 Scottsdale, AZ (480) 998-5999

Arizona Canine Orthopedics and Sports Medicine (ACOSM) is seeking a veterinary technician specialist in anesthesia or similarly experienced certified veterinary technician to join our dynamic team as an anesthesia nurse and team leader.

ACOSM is a leader in veterinary orthopedic surgery in the Phoenix-Scottsdale metro area and Southwestern United States. Our group is anchored by two highly experienced ACVS board-certified surgeons who are recognized as industry key opinion leaders in the fields of arthroscopy, trauma and total joint replacement. We are at the forefront of current and emerging technologies in veterinary orthopedics, providing unique solutions and exceptional care for our patients and clients. At ACOSM we provide an unparalleled level of transparency, allowing pet owners and referring veterinarians to view everything we do in the operating rooms - live and in real time - for the ultimate in accountability and clarity.

Anesthesia responsibilities include:

- Development of anesthetic plans; we value the skills and experience of our nurses and encourage independence and autonomy.
- Delivery of anesthesia and patient monitoring from premedication through recovery for routine and complex orthopedic surgical procedures. Experience with loco-regional anesthesia is a plus.
- Postoperative patient care.
- Client interaction and education.
- Performing and interpreting routine lab work.

Leadership responsibilities include:

- Training, supervising anesthesia staff. The ACOSM team operates at a high level and the ideal candidate would be equally motivated to continue to help elevate the quality of the patient and client experience.
- Nurse scheduling and coordination of daily activities; our anesthesia nurse supervisor would work closely with our OR nurse supervisor to ensure an efficient and coordinated workflow.
- Development and implementation of initiatives to advance patient care.
- Participation in leadership meetings with surgeons, OR and client services team.

Why ACOSM? We are a private, locally owned hospital with a leadership team that encourages independence and professional development. While we are laser-focused on providing the highest level of care for our patients, we are a fun and lively team who enjoys working together. We value work-life balance and understand the importance of leaving work at the door when the day is done. Our nurses have NO after hours, on-call or weekend duties, work a predictable 4 or 5 day week and are encouraged and supported to leave on time.

Our generous compensation package includes a starting salary between \$25-30/hour for a qualified candidate, medical and dental insurance, 401(k) with employer match, accrued paid time off/sick leave and an annual CE stipend. Uniforms are provided and laundered on-site.

Our hospital was thoughtfully designed with a spa-like waiting area, comfortable consultation room and large, naturally-lit examination and operating rooms, providing an environment that is enjoyable for our clients and our team. Our 6000 sq ft. facility is equipped with modern, human hospital-quality anesthetic, surgical and imaging technology including GE Datex Ohmeda Cardiocap/5 multiparameter patient monitor, Datex-Ohmeda Aestiva/5 anesthesia machines with integral ventilators, Arthrex Synergy 4K arthroscopy, Synthes/Arthrex/Biomedtrix/Intrauma/Kyon orthopedic implants, Arthrex ACP, GE/OEC Brivo Plus intra-operative fluoroscopy, Sound digital radiography, GameReady cold compression therapy and an underwater treadmill.

ACOSM is located in the picturesque Sonoran Desert at the foot of the McDowell mountains. The Phoenix-Scottsdale area has much to offer, including world-class dining and shopping, all major market sports teams (as well as serving as home to Major League Baseball's spring training Cactus League) and the exciting nightlife of America's fifth largest metropolitan city. Scottsdale is a world-class golfing destination and for the outdoorsy types, you'll find endless miles of desert and mountain trails perfect for hiking and biking. Beyond our community, the pine forests and lakes of the White Mountains and Flagstaff, the Grand Canyon and laid-back vibes of Sedona are but a couple of hours drive, offering camping, hiking and even snow skiing in winter. Scottsdale is annually rated among the nation's most desirable places to vacation, live and work, and we'd encourage you to visit us and see why!

Our ideal candidate is a dedicated life-long learner with strong organizational, communication and leadership skills. Someone who is motivated, bright and enthusiastic (and fun!) will fit in well with our group. We are seeking a team member who will embrace and contribute to the unique values that make ACOSM a great place to work. If you think that this sounds like you then we would love to hear from you.

Interested candidates should contact Brian Trumpatori, DVM DACVS at [brian@asgscottsdale.com](mailto:brian@asgscottsdale.com)
