

Veterinary Dentistry Specialists in Chadds Ford, PA is currently seeking a certified technician with a VTS (Anesthesia & Analgesia) or significant experience in anesthesia to join our team at our beautiful hospital. This is a unique opportunity to practice single specialty medicine in one of the most unique practices ever created. VDS Chadds Ford is proud to provide a high level of medical care to patients, and five-star customer service to clients.

VDS values the experience of our technicians, and expects that they will play an active role in patient care. VDS supports career development, encourages continuing education and pursuit of special interests.

We offer a highly competitive total compensation package commensurate with experience. We offer a four-day workweek with a predictable schedule, no on-call or weekend duty. Benefits include medical, dental, 401K, paid vacation, paid sick leave, and scrub allowance.

VDS is a full-service dentistry and oral surgery facility. VDS employs a full-time board-certified anesthesiologist in addition to at least one board certified dentist at each of its facilities. Full diagnostics, imaging (including CT) and top of the line anesthesia equipment are available. Our hospital is located in beautiful Chadds Ford, Pennsylvania, 20 miles outside Philadelphia.
