

Neurology LVT - Anesthesia

Are you looking for a change of environment? Come work for a specialty hospital!

Veterinary Surgical Centers is a privately-owned veterinary specialty practice located in Vienna, VA. We are looking for a motivated and driven **Licensed Veterinary Technician (LVT) with anesthesia experience** to join our neurology/ surgery practice in **Vienna, VA**.

The ideal candidate will be licensed, or eligible for licensure in Virginia; have prior experience in small-animal medicine; and possess strong anesthesia skills for a variety of cases, including ASA class III-V E. (AVTAA members or candidates preferred.)

He/she also will:

- Possess strong communication and problem-solving skills
- Have at least 3 years of experience in a specialty practice, including 1 year of veterinary anesthesia experience with multi-parameter monitoring equipment, inhalant, and injectable anesthesia agents
- Be a team player with a positive attitude
- Excel at multitasking and working cooperatively with others

We are looking to fill **full-time** positions; however, strong candidates seeking part-time positions also will be considered. Candidates must be able to work 10-hour shifts from Tuesday to Friday.

All candidates must have current Virginia licensure or ability to transfer license.

We offer a generous compensation and benefits package, including paid time off, paid holidays, uniforms, medical and dental insurance, and discounts on pet care.

Could you be the right fit for us? Interested candidates should send a resume and cover letter to Careers@VSCVets.com.

VSC has three expanding facilities throughout Northern Virginia, in Winchester, Leesburg, and Vienna. Each VSC practice is housed within a progressive, multi-specialty hospital, where our teams work closely with other veterinary specialists every day.
