

Vets Pets is proud to offer board certified veterinary surgery for dogs and cats. With the most up-to-date diagnostic techniques, advanced treatment plans, and 24-hour nursing care, pets receive the optimal care needed for accelerated recovery. Points East Veterinary Specialty Hospital is seeking experienced and compassionate full-time veterinary surgical technician to join our team. We highly value our staff and strive to use technicians as much as possible with client and medical involvement. Technician duties would include, but are not limited to:

- Performing pre-surgical diagnostic lab tests including blood work and diagnostic radiographs
- Anesthetic fluid and medication calculations
- Assisting with anesthetic induction including intubating and monitoring of critical and stable patients
- Aseptic preparation of surgical sites for sterile procedures
- Assisting the surgeon during surgeries
- Creating detailed discharge instructions and excelling at client communication and education regarding their pets' medical conditions and post-operative instructions
- Applying splints and bandages and wound care with dressing changes
- Placing and maintaining IV catheters and delivering medication IV, IM, and SQ
- Detailed chart documentation
- Maintaining anesthetic and surgical equipment
- Care of hospitalized patients

Previous veterinary experience or education required. Certification as a VTS in Surgery or Anesthesia and Analgesia is preferred but not required. Candidates must be detail oriented, able to multi-task, and able to maintain a positive and professional attitude in a sometimes-stressful environment. Must have a strong work ethic and good communication skills with team members and clients. Competitive pay and benefits offered. EOE
