Hometown Animal Hospital/All Pets Dental located in Weston, FL is looking for Anesthesia & Analgesia Veterinary Technician Specialists!

You have the opportunity to work in a fast-paced dental referral practice that also does general practice. An Anesthesia & Analgesia Veterinary Technician Specialist (VTS) applies advanced, specialized knowledge in the delivery of remarkable nursing care for pets.

The VTS will support our doctors in providing specialty medical services, possesses advanced skills, models growing standards of skill, and facilitates the development of Technician productivity.

Anesthesia & Analgesia Veterinary Technician Specialist will:

- Be proficient in assessing and managing analgesia including critical cases
- Assists the doctors on staff with the organization and planning of workflow for the shift
- Trains and mentors Veterinary Technicians and Assistants
- Participates in hospital training
- Models exceptional professional standards consistently and encourages strong working relationships
- Demonstrates advanced proficiency in one or more specialties and maintain all skills and knowledge of a high-level Technician
- Must maintain their VTS by fulfilling their respective Academy's requirements
- Participates in a minimum of five (5) internal or external continuing education credit hours annually, including annual OSHA training
- Proactively seeks opportunities to improve upon skill sets and learn additional skills, enabling greater contribution to the work team

Qualifications:

- Must be a Credentialed Veterinary Technician and possess a VTS certification in good standing
- Demonstrated capacity to train lower-level staff at requisite knowledge and skill levels required.
- Strong interpersonal skills: able to communicate effectively with clients, doctors, management, hospital personnel, consulting professionals and clients
- Strong organizational/time management skills: able to set, prioritize and attain goals with attention to detail
- Strong professional development skills: able to complete continue education in the field of veterinary medicine concurrently with job description
- Strong sense of integrity: able to maintain highest ethical standards, personal responsibility and accountability and confidentiality of clients, doctors, and all staff
- Strong analytical thinking skills: ability to use objective data to solve problems/create solutions.
- Follows and upholds the veterinary technology profession's ethical codes.

What can you expect from Hometown Animal Hospital/All Pets Dental?

Hometown Animal Hospital/All Pets Dental is a well-established, full-service, animal veterinary hospital providing comprehensive medical, surgical, holistic care. We provide full service, professional veterinary dental oral care and dental surgery for companion animals. **Dr. Jan Bellows** is one of the few multi-board certified veterinary dental specialists in the United States. He and his dental resident, Dr. Elizabeth McMorrان, as well as our two general practice doctors, Dr. Gavin Casper and Dr. Jasmine Padilla, are dedicated to providing specialized advanced veterinary dental care. Our goal is to provide the best care all pets deserve while providing the best experience for our clients. We work closely with local orthopedic surgeons as well as advanced diagnostic imaging to provide additional in-house treatment options. We emphasize education and preventative medicine to help keep our patients healthier longer.

Your benefit options will include:

- Health benefits options
- Competitive compensation
- Flexible hours
- Scrub allowance
- Additional training
- Unlimited growth potential
